C. H. R. Head Master.

Thornbury Grammar School
Gloucestershire
21st Nov. 1911

I have much pleasure in stating that Miss Emily Lippiatt has been a pupil under me, for 4 years and 1 term. During the last year she has attended this school as a Student Teacher.

Miss Lippiatt is a very hard working, painstaking & conscientious pupil, and her work has always reached a good level of merit.

She was successful in passing the Cambridge Senior Examination in 1910, and her Certificate includes Religious Knowledge, Arithmetic, English Language & Literature, French, History, Geography, Theoretical Chemistry, Model, Freehand and Memory Drawing.

I have great pleasure in recommending Miss Lippiatt for the post of Assistant Mistress, as I am sure she would carry out her duties with credit to herself and to her school.

I have always found Miss Lippiatt to be a thorough worker, and courageous in the face of difficulties.

She will, I know, prove herself to be both a pleasant and loyal colleague.

Signed: C. H. Ross M.A. (Cantab.)
